Blakely, Sokoloff, Taylor & Zafman LLP (310) 207-3800 Title: TESTING OF INTEGRATED CIRCUIT RECEIVERS 1st Named Inventor: Tony M. Tarango

Express Mail No.: EV 339907151US Sheet: 1 of 4

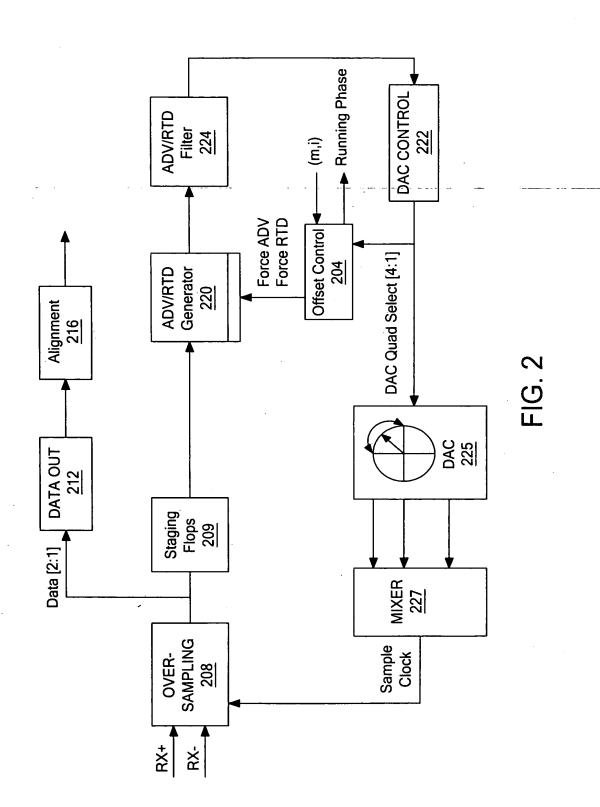

Docket No.: 42P18570

Couple a receiver that has a data recovery circuit (DRC) to a transmitter, to receive a test signal that includes a stream of transmitted bits. 104

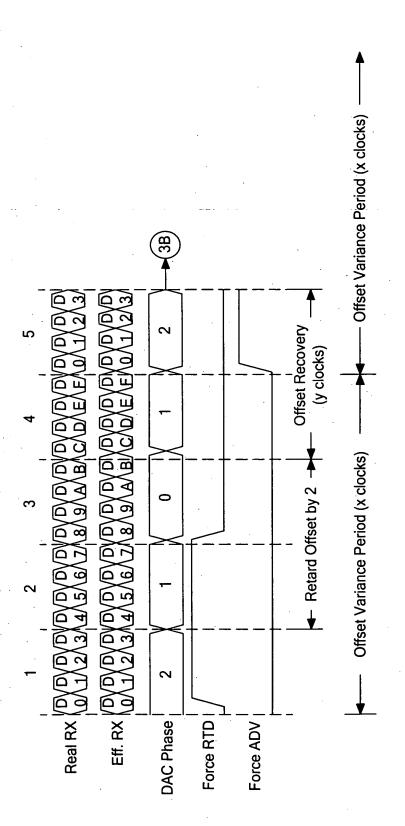

Disturb a running phase of the DRC, as the DRC is processing the received test signal. 108

Evaluate the data recovered by the DRC, while the DRC was affected by the disturbance. 112
